## ABOUT US

Established in 1987 by civil engineer Mr. Haydar Gurbuz, Gurbuz Construction Contracting Co. Inc. is a fully equipped general contractor that excels in executing construction projects with high quality and efficiency.

Since its foundation, Gurbuz Construction Contracting Co. Inc., has been serving a growing portfolio of public and private sector clients both in Turkey and abroad. Proud to earn the rightful recognition and trust of its clients and business partners, Gurbuz Construction and its expert technical and administrative staff always aims to exceed expectations by executing each contract to high end standards and within the timescale set.

Hospitals and healthcare facilities, education buildings, commercial buildings, arts and performance buildings, industrial complexes, dwelling blocks, housing projects, sports venues and municipal infrastructure works are the most important proficiencies of Gurbuz Construction.

Considering quality, health, safety and environment a top priority, Gurbuz Construction has implemented the appropriate management systems into its organization and holds ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certificates. Putting earning trust, above all other earnings during its 34 years of operation; our company continues to grow stronger towards the future by adopting new technologies and never compromising its ethical values.
